Legislative Assembly.**SPEECH OF HIS EXCELLENCY THE
LIEUTENANT-GOVERNOR**

AT THE
OPENING OF THE FIRST SESSION OF THE
FIRST PARLIAMENT

OF THE
PROVINCE OF BRITISH COLUMBIA.

VICTORIA, FEBRUARY 16TH, 1872.

—o—
Gentlemen of the Legislative Assembly:

It is with a very high sense of the honor conferred on me in having been deputed, on behalf of Her Most Gracious Majesty, to open this the first purely Representative Parliament convened in this far off portion of Her Dominions, that in Her name I tender cordial greeting to you, the chosen representatives of Her loyal people of British Columbia.

I congratulate you upon our having happily become one of the Provinces of the Dominion of Canada—that grand Confederation of British Territories in North America, whose constitution is impressed with all the stability of a Monarchy, combined with the freedom, elasticity, and progressive energy of Republican Institutions.

In this Union, the future prosperity and advancement of this great country—our adopted home—are securely established.

As a British Colony—isolated on this Continent—our prospects were clouded, and the idea of a Railway through British Territory, to connect us with our fellow-countrymen in Canada, was but a dream. As a Province of the Dominion, our anticipations are bright and confident, and the Canadian Pacific Railway is already a reality, and soon to be an accomplished work.

The state of transition in public affairs incidental to the change in our Political system which existed on my assuming the Government of the Province, compelled me to take for awhile the direct charge of the Departmental business in a greater measure than would otherwise have devolved upon me; I however availed myself of the first opportunity to transfer that charge from myself by appointing a Ministry responsible to you, the Representatives of the people, whom I have called together to deliberate on the public matters of the Province, the management of which properly belongs to you, at this the earliest date at which it was practicable for you to be assembled, consistent with the fulfilment of the requirements of our Electoral Law.

A full statement of all moneys received and expended subsequent to the Union of this Province with the Dominion, together with Estimates of the probable Revenue for the current year, and of the Expenditure proposed to be incurred during that period, the latter of which is based upon the strictest economy compatible with the efficient administration of our affairs and due attention to the requirements of the country, will be laid before you at an early period of the Session.

Free from debt, and with considerable accumulated funds at your disposal, I am confident that through your judgment and prudence the financial resources of the Province will be so appropriated in works of useful and reproductive character as to secure to the utmost the general welfare of the Province.

A measure will be introduced at once to repeal "The Civil List Act," with a view of placing in your hands the power of determining the amount of Salary to be attached to each office in the Public Service that may be maintained.

The establishment of a system of non-sectarian Free Schools throughout the Province, and a sound and liberal policy for the encouragement of Immigration, will occupy your earnest attention. It is to be observed with regret, with reference to the latter subject, that the 11th Section of the Terms of Union with Canada, tends to delay the introduction of a system of Free Grants of Land, the adoption of which seems so advisable in entering into competition for population, as we must do with other Countries on this Continent.

A Bill will be laid before you for the abolition of the Road Tolls, which I strongly commend to your favourable consideration. The main trunk avenue which commercially connects the lower section of the Province with the Mineral wealth of Cariboo, is of a

Provincial character and beneficial to our entire community. The Tolls at present levied upon this road bear most heavily upon the necessities of life, and they practically forbid the introduction of machinery to the mines. The Mining Laws also require certain amendments, which will be submitted for your considerations.

The necessity of revising the provisions of "The Qualification and Registration of Voters Act" must, from your past experience, have impressed itself upon your attention, and I therefore place in your hands a measure for the amendment of that Act.

I think it not inadvisable, Gentlemen, to advert to the fact, that this Province, following in the footsteps of Ontario, has sought Legislative success in the adoption of a single Council Chamber, a marked departure from the constitutions of the parent State and many of its Dependencies, and that while the power of Legislation thus conferred on you is undivided, your responsibility is proportionately increased. Henceforth the principle of self-government is to prevail. It has been conceded to you in deference to the wishes of the people, and in accordance with the policy of the Dominion of which we happily form part. On you alone does the successful working out of that system depend.

My sympathies, in common with those of all interested in our country, are deeply enlisted in your success, and I trust that under the direction of an All-wise Providence, your labours may result in the advancement of the best interests of British Columbia.

REPLY TO HIS EXCELLENCY'S SPEECH.

To His Excellency Joseph William Trutch, Lieutenant-Governor of the Province of British Columbia.

MAY IT PLEASE YOUR EXCELLENCY:—

We, Her Majesty's dutiful and loyal subjects, the Legislative Assembly of the Province of British Columbia, the Parliament of British Columbia, in Parliament assembled, humbly thank Your Excellency for your gracious Speech at the opening of this Session.

1. We heartily congratulate Your Excellency on having been deputed, on behalf of Her Most Gracious Majesty, to open the first purely Representative Parliament convened in this far off portion of Her Dominions, and accept the cordial greetings tendered by Your Excellency to us, the chosen Representatives of Her loyal people of British Columbia.

2. We concur with Your Excellency, in its being a subject of congratulation that we have become one of the Provinces of the Dominion of Canada, the grand Confederation of British Territories in North America, whose Constitution is impressed with all the stability of a Monarchy, combined with the freedom, elasticity, and progressive energy of Republican Institutions.

3. We agree with Your Excellency that, in this Union, the future prosperity and advancement of this great country, our adopted home, are fully established.

4. We coincide with the opinion expressed by Your Excellency that, as a British Colony, isolated on this Continent, our prospects were clouded; and that the idea of a Railway, through British Territory, to connect us with our fellow-countrymen in Canada, was but a dream, but that now as a Province of the Dominion our anticipations are bright and confident, that the Canadian Pacific Railway is already a reality, and soon to be an accomplished work.

5. We are aware that the state of transition in public affairs, incidental to the change in our political system which existed on Your Excellency assuming the Government of the Province, compelled you to take for awhile the direct charge of the Departmental business in a greater measure than would otherwise have devolved upon you, but that Your Excellency availed yourself of the first opportunity to transfer that charge from yourself, by appointing a Ministry responsible to us, the Representatives of the people, whom Your Excellency has called together to deliberate on the public matters of the Province, the management of which properly belongs to us, at the earliest date at which it was practicable for us to be assembled, consistent with the fulfilment of the requirements of our Electoral Law.

6. We thank Your Excellency for informing us that there will be laid before us, at an early period of the Session, a full statement of all moneys received and expended subsequent to the Union of this Pro-

vince with the Dominion, together with Estimates of the probable Revenue of the current year, and of the Expenditure proposed to be incurred during that period, which Estimates will receive our serious consideration, and we feel confident that the proposed expenditure is based upon the strictest economy compatible with the efficient administration of our affairs and due attention to the requirements of the country.

7. We gather, with much satisfaction, the confident opinion expressed by Your Excellency that, free from debt, and with considerable accumulated funds at our disposal we shall, through our judgment and prudence, so appropriate the financial resources of the Province, in works of a useful and reproductive character, as to secure to the utmost the general welfare of the Province.

8. We learn with pleasure that a measure will be introduced at once to repeal the Civil List Act, with a view of placing in our hands the power of determining the amount of salary to be attached to each office in the Public Service that may be maintained.

9. We desire to assure Your Excellency that the establishment of a system of non-sectarian Free Schools throughout the Province, and a sound and liberal policy for the encouragement of Immigration shall occupy our earnest attention; and we agree with Your Excellency in regretting, with reference to the latter subject, that the 11th Section of the Terms of Union with Canada tends to delay the introduction of a system of Free Grants of Land, the adoption of which seems so advisable in entering into competition for population, as we must do, with other Countries on this Continent.

10. We will bestow careful consideration on the Bill, which Your Excellency states will be laid before us, for the abolition of the Road Tolls, and which you have strongly commended to our favorable consideration. We are impressed with the force of Your Excellency's observation that the Main-trunk Avenue which commercially connects the lower section of the Province with the mineral wealth of Cariboo, is of a Provincial character and beneficial to our entire community, and that the Tolls at present levied upon this road bear most heavily upon the necessities of life, and that they practically forbid the introduction of Machinery to the Mines. The amendments proposed by Your Excellency to the Mining Laws will be deliberately considered.

11. We shall consider with respectful attention a measure for revising the provisions of the Qualification and Registration of Voters Act, as we cannot fail to assent to Your Excellency's opinion that the necessity of revising that Act has, from past experience, been impressed upon our attention.

12. We shall not lose sight of the fact to which Your Excellency adverts, that this Province, following in the footsteps of Ontario, has sought Legislative success in the adoption of a single Council Chamber, a marked departure from the constitution of the parent State, and many of its Dependencies; and we are fully sensible of the responsibility which devolves upon us when called upon to exercise the power of Legislation thus conferred upon us in a proportionately increased degree. We know that henceforth the principle of Self-Government is to prevail, and that it has been conceded to us in deference to the wishes of the people, and in accordance with the policy of the Dominion of which we happily form part, and that on us alone does the successful working out of that system depend.

13. In conclusion we thank Your Excellency for the expression of your sympathies in our success, and we fervently join with Your Excellency in expressing a hope that under the direction of an All-wise Providence our labours may result in the advancement of the best interests of British Columbia.

HIS EXCELLENCY'S REJOINDER.

Mr. Speaker and Honorable Gentlemen of the Legislative Assembly:

I thank you for your dutiful and loyal Address, and for the assurance it conveys that the important business to be submitted to you will receive your attention.

*Government House,
21st February, 1872.*
